

Home Learning

The school has been asked to close due to the increase in Covid related incidents and staff shortages.

During your days out of school, we have planned **work so you can and must continue your learning.**

It is very important you follow the timetable and complete all work to ensure you do not fall behind with your learning.

You will need to access to the internet as the work is on the Oak National Academy website.

Instructions are provided below

Each day complete the work set.

Daily maths and English.

A topic lesson a day.

After you have completed the work and quiz from the Oak Academy lesson, take a screen shot of your answers and put onto class Dojo.

Your class teacher will be checking this daily on class dojo. You can message the teacher on class dojo if you need support or advice.

This information is also on class dojo and the school website.

Where to get the daily Maths and English Lessons-

1, Go to the oak national Academy- <https://www.thenational.academy/>
